All:

Sorry to throw a wrinkle in this but I have a conflict with a few folks

here at HQ now for Thursday. Is there any time we can do this on Friday 12/17?

If Friday is a no go, we can keep it on Thursday but Friday is better.

Thanks, Palmer

Palmer and Shoren,
It looks like, Thursday, 12/16 at 11 AKST, 12 PST and 3 EST will work.
We need to figure out the logistics. I am also fine with meeting at the
TNC office in Anchorage if that works best for everyone. ??

Yeah, Phil, that's just fine. Whenever we're finished with TNC we can start our own discussion. Will we be meeting at their office downtown?

TNC will be presenting their risk assessment to EPA. We are tentatively looking at 11:00am on 12/16, just before my proposed time to meet to discuss our own risk assessment. Will this set of times work for you?
